Hansraj Model School proudly announces the setting up of **SCHOOL ENTERPRISE CHALLENGE, 2019-SWASTI - A socially relevant initiative involving TRASH TO TREASURE.**

As the name suggests, the students of the school have envisaged the 5 R's (Reduce, Reuse, Recycle, Rethink, Refuse) in their community and have woken up to this concern plaguing our planet.

An exhibition cum sale on the above mentioned theme will be organized in the school premises on the 31st of August, 2019. We cordially invite you to be a part of this initiative and provide a fillip to our young environment crusaders.
